Dear Parent / Carer

We recently wrote to you to let you know about the implementation of **magic**booking.

Things are progressing well at our end, and we are now in a position to share more information about the implementation of our new booking system.

WHAT IS CHANGING

Account: Your account will automatically be created by importing yours and your children data from our School Management System.

Our School Management System will remain the primary source of data. Therefore, any changes related to yours and your children data including health care plans, emergency contact details, authorised collectors will have to be notified to the school.

Bookings: From your account, you will be able to make or cancel bookings, access past bookings details and payment history 24/7.

Payments: You will be able to spread the cost of your booking with a monthly instalment plan. This only applies to bookings that last over 34 days and your payment plan will be of the same duration as the booking.

Your payments will be equal every month making it easy to budget your expenses. It works a little bit like your utility bills, you pay the same amount every month regardless of how much you consume, the only difference is that there won't be any adjustment at the end of the period as these will happen in real time; If you cancel or add dates to an existing booking your monthly payments will automatically be adjusted to reflect the cost difference.

The other good news is that you won't even have to worry about making your payments! After making your first payment online at the point of booking, your following instalments will automatically be taken on the same date every month. You will receive a reminder 5 days before your payment is taken.

Of course, bookings that are for a period shorter than 34 days will have to be paid upfront.
