

Wellesley Park Primary School – School Values

EXCELLENCE

What is excellence?

Excellence is a talent or quality which is unusually good and so surpasses ordinary standards. Excellence means greatness — the very best. Excellence is the quality of excelling, of being truly the best at something.

Key Vocabulary	Definition
quality	An attribute possessed by someone or something
ordinary	No special or distinctive features; normal
surpasses	To do or be better than ever before
greatness	The quality of being great, above average

Examples of skills

At Wellesley Park, we strive for excellence in everything we do. We always work to the best of our own ability, regardless of what anyone else might be doing, as we know that we each have difference things that we excel in. That doesn't mean however, that we do not try in other areas – we aim to excel in everything we do.

Why Wellesley Park think this value is so important

The benefits of doing excellent work are an increase in confidence and self-esteem in yourself, as well as recognition and praise from others, all of which we want to encourage in our children. We do not want our children to settle for simply completing a task – at Wellesley Park we want our children to put their all into everything they do, so they are rewarded by both themselves and others.
