

## COVID-19 Appendix to Wellesley Park Primary School Positive Behaviour Policy

This appendix is to be used in conjunction with and alongside, our Positive Behaviour Policy. The rationale behind its creation is to ensure that the pupils and staff of Wellesley Park Primary School act in a manner that fully supports the implementation of safety measures that have been put in place, by the DfE, during the Covid-19 pandemic.

Some behaviour concerns referred to in this appendix may previously have been deemed less serious, however if an action now results in the potential compromising of a person's ability to socially distance and stay safe, it will now hold more serious consequences.

It is important to highlight that our school has and will always maintain a positive approach to supporting positive behavioural choices. Pupils at Wellesley Park Primary School will always be supported to be the best they can be. Our school rules will continue to be fundamental to ensuring we share a positive and supportive message to our pupils about the safe return to school. We will always aspire to keep our school safe and only together will we achieve this. The school's 'usual' positive behaviour policy will be followed as it stands with children speaking with phase leaders and/or senior staff, socially distanced, outside of the classroom.
